

SYMBOLS KEY

How to use these symbols

This key is designed to enable you to see, at-a-glance, important information about our courses and products.

On any product page, look for the icons that appear in the title bar that depict the delivery style, language and available levels for a course, as well as the expected range you can achieve on the GSE and CEFR.

Measurement system

The range a product covers in the **Common European Framework of Reference** (for languages).

The range a product covers in the **Global Scale of English**.
*GSE not applicable to Primary courses

The number indicates **how many levels** a product has.

Type of product

Print: The course uses printed materials only, there are **no digital** assets.

Digital: The course features digital components only, such as **eText**, **ActiveTeach** or **MyEnglishLab**.

Blended: The course is available in print but has supporting digital elements such as **eText**, **ActiveTeach** and **MyEnglishLab**.

Languages

The product is available in **American English**.

The product is available in **British English**.

The product is available in **International English**.

Larissa Petrova

KAZAKHSTAN

Methodology is very important to me: knowing what, how, when and where to teach techniques and tips to teachers are highly motivating in my profession.

In the day-to-day reality of a teacher's hard-pressed life, it's sometimes difficult to remember what teaching is really for!

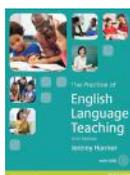

I can still remember my first teaching practice in front of real students, it was terrifying! Like so many people I didn't know even the basics, so where do you find that initial knowledge or develop your skills further?

Today teachers want books that are enjoyable, informative, fun and easy to read and we hope that's what you'll find here.

Just remember, even if you're only half as good as most teachers are, something extraordinary will happen as you walk through the door and the teacher in you kicks in. It may not be the best lesson ever, nor the nicest group you've ever taught, but when the magic works, you suddenly know with a great sense of satisfaction exactly what teaching is for.

Jeremy Harmer, Talks about Teacher Development

THE PRACTICE OF ENGLISH LANGUAGE TEACHING

5th Edition

Jeremy Harmer

The Practice of English Language Teaching is the essential guide for teachers of English. It explains current pedagogy to teachers who want to access the most relevant ELT practices and incorporate them into their lessons.

The fifth edition has been revised to reflect the latest developments in language teaching. Twenty chapters provide a storehouse of information and ideas, whereas the DVD shows whole lesson progression and management, including interviews with teachers about how they structured their class and why.

The material addresses new topics such as the rise of CLIL, flipped classrooms, learner efficacy as well as the development of soft skills like critical thinking, intercultural competence, presentation skills, digital literacies and other 21st century skills.

ESSENTIAL TEACHER KNOWLEDGE

3rd Edition

Jeremy Harmer

Essential theory, practical teaching advice and classroom ideas are all presented across two page units, in full colour. Written in accessible English, **Essential Teacher Knowledge** is ideal preparation for Teaching Knowledge Test (TKT) and other entry-level teacher qualifications or as a handbook for any EFL teacher.

Also included in the book are:

- A DVD showing key teaching techniques and teachers from around the world sharing opinions and ideas about key issues for the global English teaching community
- PIN-coded access to extra online material

"Readers will find excellent materials both for reflection and new learning."

TEFL.org

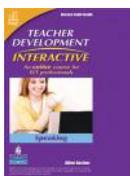

The impact Pearson has on society is exponential. By training teachers, Pearson indirectly reaches many students, creating an endless chain of learning.

Research shows that teacher quality is the single most powerful influence on student achievement. Studies have shown that teacher success can be fostered through professional development that is sustained, connected to practice, focussed on academic content and supportive of strong working relationships among teachers.
