- Text + Labs + Course – 9780789757296

The **CASP Authorized Cert Guide** has a single goal: to help students pass the new version of the CompTIA Advanced Security Practitioner (CASP) exam. Not a beginner's guide, it is rather the most comprehensive and time-efficient CASP study guide available. It presents focused, straight-to-the-point coverage of all five CASP domains related to overall organizational security.

uCertify Complete Courses and UCertify Labs

uCertify

The **Pearson uCertify Courses** combine Pearson's certified and academic peer reviewed content in an accessible, flexible, & scalable platform! Courses can be offered in 3 formats: Instructor-Led, Self-Paced or Hybrid. To view a demo video & request trial access, please visit www.pearson.ucertify.com

The award-winning, **uCertify Labs** help bridge the gap between conceptual knowledge and real-world application by providing, competency-based, interactive, online, 24x7 training. **uCertify Labs** simulate real-world computer hardware, software applications and operating systems, and command line interfaces. In addition, the labs are supplemented with more than 90 high quality videos demonstrating lab solutions. Students can plan their studies using Study Planner and use one of the three available study modes – Test, Learn or Review to suit your learning style.

Student Feature Highlights: Access from any device • Interactive eLearning elements • Exercises, flash cards & quizzes • Video tutorials • Personal study planner

Instructor Highlights: Super roster for course & student management • Master course and instantaneous cloning for multiple sections • Powerful analytics • Customizable assignment dates and skill mastery levels • Pre and Post assessments • Grade book export feature • LTI compliant for integration
